Outer Burial Container Price List

In order to give you complete information, we have divided the price list into two parts:

- The first is the cost for the vault.
- The second includes the vault plus delivery and setup at the cemetery.

These prices combined provide you with the total price of the outer burial container and setup at service time. We do this so that you can compare with other vault providers; some may have a hidden delivery charge.

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.
